MATRICULATION.

Before a student can be admitted as a member of the College, he must first call upon the President, enroll his name and age, give address of his parent or guardian, pledge conformity to regulations of the College until regularly dismissed, and make satisfactory arrangements for the expenses of the term.

Students are received at any time, and charged from the time of entering—if three weeks after the beginning of the term, until the close of the term. No deduction will be made for absence unless in cases of protracted sickness, or other unavoidable circumstance. It is urgently recommended that students enter at the beginning, and that parents do not allow or sanction absence at any time. Every one who matriculates will be considered a member of the College until regularly dismissed.

TERMS AND VACATIONS.

There are two terms in the year. The Fall Term begins on the second Thursday in September, and continues twenty weeks. The Spring Term begins at the close of the first, and continues twenty weeks.

CIRCULAR REPORTS.

These reports are sent to the parent or guardian of each pupil at the close of the term, and will contain an account of his proficiency and diligence in study and general deportment.

EXAMINATIONS.

These are conducted in writing at the close of each term. They are designed to test the student's knowledge of the subjects studied during the term; and if a grade of 70 in 100 is not reached, the subject must be gone over again. No one can graduate until this grade has been reached on all the studies in the course.

DEGREES.

Students who complete in a satisfactory manner either the Classical or the English Scientific Course will be entitled to graduate, and will receive a suitable diploma on payment of the Diploma Fee, provided all dues to the College have been satisfactorily settled.

PRIZE MEDALS.

The following gold medals are awarded at Commencement of each year:

The Oratorical Medal, given by Dr. J. A. Reagan.

The Declamation Medal, given by W. E. and C. P. Weaver.

The Mathematical Medal, given by Hon. R. B. Vance.

The Herndon Medal, for excellence in English Composition, given by Major E. W. Herndon.

LITERARY SOCIETIES.

The Delphi and Cliosophic Literary Societies hold weekly meet-

ings for literary exercises, and form an interesting and important part of our literary organization. The Societies award medals for improvement in debate. They are now making substantial additions to their libraries.

RELIGIOUS.

A Christian character is considered the great essential, and no pains will be spared to surround the students with such influences as may be necessary to restrain them from vice and encourage them in morality.

The Young Men's Christian Association in the College is a valuable aid to this work.

Every student is expected to bring a Bible.

DISCIPLINARY REGULATIONS.

Students are required to be present every morning at roll-call and prayers, and at every recitation and examination to which they are assigned; also to attend Sunday-school and Church every Sunday morning.

During study-hours, no student is allowed to loiter about the village or other place, or even be absent from his room.

Boarding students are not allowed to leave the College to visit any other place without permission in writing from their parents and the consent of the Faculty.

Want of moral character and reckless indifference to law and order, the use of ardent spirits, carrying pistols, card-playing and gambling of any kind, profanity, lying, fighting, or any other gross violation of order will disqualify any one for membership in the College.

Every student is expected to assist in maintaining good order.

LOCATION.

Weaver ville College is located eight miles north-west of Asheville and four miles east from Alexander's Depot, in one of the most healthful and picturesque portions of the far-famed mountain region of Western North Carolina.

Weaver ville is a small village containing two hundred inhabitants. It is very quiet, and there is but little to divert the student from his studies.

FREE SCHOLARSHIPS.

Ministers of the gospel preparing for the regular pastoral work are not charged tuition. Deductions are made in favor of the children of ministers in the pastoral work.

PROJECTED IMPROVEMENTS.

A College library is already inaugurated. We regard this of great importance. Numbers of young people come here who have not hitherto had access to a variety of books. If they can have access to a good library here, it will not only furnish them pleasure and improvement, but will also lay the foundation of a taste for literature, without which no one is really educated. We respectfully ask all our friends to aid us in this work by contributions of money or books.

THE C. D. SMITH CABINET.

It is the purpose of the College to have a full cabinet of minerals, fossils, etc. We earnestly ask our friends to contribute to this cause any specimens of interest. We have a good nucleus, and are making arrangements for considerable increase.

DORMITORIES.

A building is approaching completion, and will be ready next year, in which students may take rooms, and, if they wish, furnish themselves. By hiring a cook and furnishing their own tables, they can greatly reduce the cost of board. It is possible to have a room in this way at \$5 per month. Other rooms will be built

and the College is here

good thing. We have no room for such. We cordially welcome all who thirst for knowledge, and we will help them all we can. It is a duty to make ourselves all we are capable of being. Educated young men are always in demand. All can be educated if they *will*. When one has started to college the battle is half over. No amount of money laid up in youth will compensate for want of mental cultivation. Weaverville College is the friend of all, whether poor or not. We do not encourage any one to expect an education for nothing, but we do say it is within the reach of all. We therefore urge upon all this duty, and give them a cordial welcome.

NOTE.—We offer special inducements for families to move here to educate their children. Land can be bought at low rates, and houses can be built on short notice. Houses can also be rented. We advise it as a cheap and effective way to educate the entire family. The Preparatory Department is under an efficient teacher, and offers special
